LOCAL NEWS.

ARLINGTON TURNPIKE.—The annual meeting of stockholders of the Arlington Turnpike Company was held on Tuesday evening at Columbia school-house. In consequence of the illness of the president, Lott W. Crocker, H. D. Smith was called to the chair, James C. Roach acting as secretary.

Miles C. Munson submitted his report as treasurer, which was received, and referred to the finance committee.

The nomination of officers being next in order, H. D. Smith was elected president, Benj. Austin secretary, and Miles C. Munson, Wm. A. Young, Harvey Bailey, John K. Johnston, Curtis B. Graham, Jr., Sanford Bradbury and Sewell B. Corbett directors.

The stockholders then adjourned, and the board of directors was called to order. The following committees were appointed: On finance—S. B. Corbett, John K. Johnston, Harvey Bailey, Sanford Bradbury and Curtis Graham, Jr.; On road—S. B. Corbett, Harvey Bailey and John K. Johnston, who were directed to see that the brickyard men who had contracted to cut down the hills near Fort Run, for the clay, comply with their contract, and have that portion of the road in good condition before the fall; also to see that the contractors for keeping the rest of the road in good repair do their duty.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday afternoon:

Annie Bull and Ben. Berry, colored, and John Penn, for disorderly conduct at Fishtown, were fined and discharged.

James Barnes, a sailor, for disorderly conduct at Cooney's restaurant, was fined and discharged.

Mary Randall, colored, for disorderly conduct, was sent to the work house.

Charles McGee, for an assault upon Annie Lear, and B. Cliff, for disorderly conduct, were locked up in the station house.

The above cases were before the Mayor.

Velony Dudley, for an assault upon Mary Kelly, was put under bonds for her good behavior, as was also the complainant, by Justice Padgett, who also ordered the release of constable James Burnett, who assaulted him on Monday last, and had been committed to jail therefor.

Daniel Bayless was examined by Justices Bell, Whitley and Padgett, and upon the evidence of Drs. Powell and French was pronounced insane and ordered to be confined in jail until he can be admitted into an insane asylum.

Benj. Boswell, a member of the chain gang, was taken out of jail to work with that gang yesterday, but did not return last night, and had not been heard of up to noon to-day.

BREASTPLATES.—The announcement that Geo. H. Wells has been appointed U. S. District Attorney for the District of Columbia, with emoluments amounting to \$30,000 a year, is coincident with the statement that there is now hanging up in the stable of a gentleman on King street, and exhibited to one of the Gazette's reporters, this morning, a steel breastplate worn by the General while he was in the city, during the war, and purchased with some junk left in Dr. Fairfax's house after the General vacated it, when he was made military Governor of the State, and moved to Richmond. The life-preserver is composed of two plates of highly tempered steel, which completely sheltered the front of the General's person, from his neck to his hips, against swords and bullets, and is similar to those frequently found during the war upon dead Federal officers, who had been shot in parts of their bodies that were unprotected.

A RUNAWAY MOTHER.—A colored woman representing herself as named Gossel, from this city, and having two children with her, went to the house of a colored man named Williams, in Alexandria county, some months ago, asking and obtaining permission to have the children there until she secured work, went off and has never been heard from since. The case being reported to the Overseer of the Poor of the township in which Williams lived that officer directed Williams to take care of the children until other arrangements could be made. This he has done ever since, but having lately been told by the overseer that no more money would be paid him for so doing, he brought the children to the city, this morning, and had them put in the Alms House.

THE W. & O. RAILROAD.—The papers necessary to the completion of the transfer of stock in the W. & O. R. Co., and the partial change in the management of that road, have not yet been signed, though no delay is apprehended. Should the arrangement be perfected and go into operation it is probable that the freight depot of the Alexandria and Washington Railroad, now at St. Asaph street, will be moved to the new street depot, and it is possible that some of the railroad machine shops and other railroad buildings now on high-priced lots in Washington will be moved to cheap lots in this city.

EXCURSIONS.—The Union Sunday School of Salem, Fauquier county, passed through here to the number of two car loads, on an excursion trip to Washington this morning. They returned to their homes this afternoon. The steamer Pilot Boy left here at eight o'clock this morning crowded with the teachers and scholars of St. Mary's Sunday School and their numerous friends, bound for Marshall Hall, where they spent the day. She left again at one o'clock this afternoon, and will make another trip to the pavilion at seven o'clock this evening.

MUTINOUS SAILOR.—A disturbance was created on board a vessel lying at the lower coal yards, yesterday afternoon, by one of the enlisted crew, who swore he would come and stay ashore before the vessel left. He was put back several times by policeman Phillips, who was standing on the wharf, but finally picking up a lump of coal with which to strike the policeman, the latter had to knock him down with his billy, which had the desired effect, for when he got up he walked quietly to the forecabin and remained there till the vessel sailed.

POSTAL CONTRACT.—The Postoffice Department orders the transportation of the mails by the Inland and Seaboard Coasting Company, J. W. Thompson, President, Washington, D. C., by Piney Point to Point Lookout, four times a week and back, at \$100 per month, from 29th July to 31st October, 1875. This will be a great accommodation to families sojourning during the summer season, the people along the line of the Potomac river, as well as connecting points in Maryland.

CAMP MEETING.—From and after Sunday, the 8th of August, extra trains of cars will be run twice a day over the W. & O. Railroad, for the accommodation of persons desiring to attend the camp meeting, which commences in Heaton's woods, near Round Hill, on the 6th. The trains, both ways, leave at seasonable hours, and the ground being less than half a mile from the depot, a convenient and pleasant opportunity will be afforded all who may desire to attend. —*Lowdown Mirror.*

MILITARY COMPANY.—A large crowd of young men assembled on the Postoffice corner last night, in response to a call for the organization of a volunteer military company, but as no one seemed to know who had called them together, and as no one was willing to take the lead, they dispersed about nine o'clock, without doing anything in the way of organizing.

STREET RAILROAD.—Pending the result of negotiations for the resumption of operations on the street railway, the company owning the road have made proposals to the Superintendent of Police to have the space between the rails on King street repaved by the force at his command, the company to pay the cost of the work. It is also understood that they are willing the track on Peyton street shall be taken up.

GONE DOWN TO THE SEA IN SHIPS.—Three young men of the city, Jack Coleman, Buck Hall and John Gage, having become tired of the prevailing inactivity, and indisposed to follow the advice of the late Mr. Greeley and go West, yesterday shipped before the mast and left here in vessels sailing from this port.

RESIGNATION.—Mrs. Jennings, the janitress of the Peabody School Building has resigned her position as such. Her successor will probably be elected by the City School Board at its meeting on Friday evening next. The place is a desirable one for a young married man and his wife.

WRECKED TRAINS.—The last of the debris from the two trains of cars lately wrecked near Bull Run bridge was brought to the city yesterday. The damage is not so great as was at first reported, and will not amount, it is estimated, to more than two thousand or twenty-five hundred dollars.

PUBLIC LECTURE.—Miss Zelia Ball, a young lady of color, who, though now hailing from the North, was raised in this city, delivered a lecture on the "ethics of government" to a small colored audience at the colored Baptist Church on Princess street last night.

OVERBOARD.—A small colored boy, while fishing at King street dock, yesterday afternoon, dropped his line overboard, and in attempting to recover it, lost his balance, and fell into the dock himself, but was fortunately pulled out before he had sustained any injury.

PROPERTY SALE.—Mr. John Bemiller, who keeps a store near the toll gate on the Little River Turnpike, has purchased from Mr. Oliver Pulman the farm owned by that gentleman across Cameron Run, and at present occupied by Mr. Schafer, for \$3,500.

IMPROVEMENT.—Mr. John Crilly has commenced the erection of a brick store-house and dwelling on Fairfax street adjoining the house occupied by Mr. John P. Rice, opposite the depot of the W. & O. R. R.

PERSONAL.—Among the passengers who arrived at New York on Tuesday last by the steamer Russia was C. H. Lewis, formerly minister to Portugal, and brother of John F. Lewis, late U. S. Senator from this State.

LOCAL BREVITIES.

In the Court of the District of Columbia yesterday in the case of the Potomac Steamboat Company vs. Upper Potomac Steamboat Company, an order was issued for the modification of the injunction so as to allow the dredging of the dock foot of M street southwest, and so as not to effect the final settlement of the case.

As will be seen by reference to a notice elsewhere in to-day's Gazette the ferry boat City of Alexandria will make a trip to and from Washington next Monday night for the accommodation of those who may wish to attend the Schubert concert.

A large crowd was attracted to the intersection of King and Lee streets this morning by the strange behavior of a dog, which was supposed to be mad, but which it afterwards was discovered, was blind, and having wandered from its home could not find its way back.

The next regular monthly meeting of the Potomac Fruit Grower's Association will be held in Washington on the 2nd proximo, when Dr. Howland will read a paper on peaches and the President, C. Gillingham, one on pears.

Some of the fast rowers of this city have entered Mr. John Parrott's row boat in the regatta that will be run off Washington early next month.

Old Dominion Lodge, No. 9, I. O. M., will make an excursion to Carlisle's Spring next Monday.

A meeting of the Conservative Superintendents is to be held to-morrow evening.

If you have been drinking too much, which however you should never do, a dose of Dr. Bull's Vegetable Pills will place you in a good condition again.

No one ever used Durang's Rheumatic Remedy that was not cured of rheumatism.
