

LOCAL NEWS.

COUNTY RADICALS.—Jefferson Township.—At a Radical Convention held in the Township of Jefferson, Alexandria county, Va., to choose candidates for the various Town offices, W. A. Roe, President, John L. Peterson, Secretary, the following ticket was nominated: For Supervisor, Wm. A. Roe; Assessor, F. P. Crocker; Commissioner of Roads, Jefferson Taylor; Town Clerk, F. M. Mills; Collector, W. E. Carter; Justice of the Peace, John L. Peterson; Overseer of the Poor, Benj. Pollard; Constables, Harrison Goldman and Geo. Hyde; Overseer of Roads, 1st District, John Ward.

A resolution was offered as follows: Resolved, That we, the voters of Jefferson Township, respectfully request that N. S. Wright, one of the Justices of the Peace, of this township, resign his position as said Justice of the Peace, believing as we do, that any officer that cannot be impartial in the administration of said office, independent of race, color, sex or political sentiment, is not fit for the position he holds, and it is, with feelings of regret, that we have become satisfied that partially has been shown to such an extent as to cause us to make this request. After speeches by John Syphax, Austin Syphax and others, the resolution was carried with a dissenting voice. W. A. Roe and Benj. Pollard were appointed as a committee to present said resolution to N. S. Wright.

Nelson Wormley, Benj. Pollard and Isaac Green, were chosen as the Executive Committee of said township for the ensuing year, and the convention adjourned.

Arlington Township.—A meeting of the Radicals of Arlington Township was held at the Baptist church in Freedmen's, James H. Stevens in the chair, and George W. Jackson secretary. The following officers were nominated: For Supervisor, John Syphax, colored; For Clerk, M. C. Munson; For Assessor, Wm. N. Reed; For Collector, Horatio Ball, Jr.; For Commissioner of Roads, Stephen Baily, colored; For Justice of the Peace, R. S. Laws, colored; For Constable, Robert Smith, colored.

CHURCH SERVICES YESTERDAY.—The threatening appearance of the weather yesterday morning deterred many from going to church, and the congregations, therefore, at the different places of worship were smaller than usual. Rev. Mr. Nelson preached in Grace church in the morning. Rev. Mr. Berry in the First Presbyterian, also in the morning, and Rev. Mr. Manning in the M. E. Church, morning and night. With these exceptions the pulpits of the churches were filled by the resident clergy. As it was Whitsuntide, appropriate allusions were made to that fact in the Catholic and Episcopal Churches, and the services set apart for that day performed. Prayers for rain were also offered in the Episcopal Churches. The weather was clear at night and the attendance at the churches then open was large. The following is a report of the work done during the day by the Young Men's Christian Association: "The Alma House services were well attended, and very interesting in their character—only one member of the committee at work. At the jail a full corps of the members were at work, and their hearts encouraged by the interest taken by the prisoners in the exercises—they joining in the hymns with fervor. The Sunday prayer meeting at the Methodist Protestant Church was fully attended; at the opening the presence of the Holy Spirit was invoked, the prayers following were full of emotion, the numerous addresses were soul-stirring, the singing was with the "Spirit and with the understanding." Several parties signified their determination to enroll themselves with the followers of Jesus, and the entire exercises were pervaded with the influence of the Spirit. This prayer meeting will be held next Sunday in the Methodist Episcopal Church."

FIRST COMMUNION.—At St. Mary's Church, yesterday, thirty-five children were admitted to their First Communion, having been carefully instructed for that purpose, since Easter, by Rev. B. A. Toole, and the Sisters of the Holy Cross.

Mass was said at 7 a. m. by Rev. Peter Kroes, and before giving the Holy Communion he delivered a discourse to the children, strongly impressing upon them the importance of the great and solemn act they were about to perform. They then advanced to the altar rail and received the Blessed Sacrament.

At Vespers, the new communicants again assembled, occupying as before the front pews in the central range. After another impressive exhortation from the pastor, the renewal of the baptismal vows was read, for the boys, by James Moran, and for the girls, by Bridget Wilson, each standing within the chancel, supported by two companions. The boys, eighteen in number, then advanced to the altar rail bearing lighted candles, and kneeling, repeated aloud the following formula: I renounce the devil and all his works and pomps, and I profess to live and die in the Holy Roman, Catholic Church. Then the girls, numbering seventeen, dressed in white and wearing white veils as in the morning, advanced, and repeated the same formula. One of the boys and two of the girls were colored. Each of the children received a handsomely engraved certificate.

FISHING BOAT SUNK.—About eleven o'clock this morning as the fish boat from Cook & Travis's shore on Susquehanna Creek, loaded with 2,000 herring, was on its way to this city, in charge of foreman Albert McGuinn, and a crew of five men, a flaw of wind struck her, just off the edge of the channel on the opposite side of the river, and tearing away the sail and most knocked a hole in her bow and sunk her. Boats immediately put off to her relief from a brig lying in the stream, and from the vessels of Captains Pettit, Jones and Hewitt, and all hands were safely brought ashore. The boat was also raised and some of her cargo saved.

CONCERT.—The 2nd grand concert of the Alexandria Singing Association, announced for the 15th, was unavoidably postponed, but will take place on Friday next, the 24th. The same orchestra music will be engaged for the occasion.

O. A. & M. RAILROAD BILL.—In the Senate on Saturday Mr. Spencer introduced a bill to authorize the Orange, Alexandria and Manassas Railroad Company to run trains and transport freight and passengers within the District of Columbia. It provides that the Orange, Alexandria and Manassas Railroad Company may run trains over the Long Bridge constructed by the Baltimore and Potomac Road upon the terms and conditions prescribed by the act of Congress granting the Baltimore and Potomac Road the privilege of constructing and bridging that the Orange and Alexandria Road, after crossing the Long Bridge, may lay a single track along Maryland avenue from the bridge to the canal, now being filled up; thence by a curve southwardly along the ground heretofore occupied by the canal to the intersection of B. C. or D. street south, as may be determined by the engineer in charge of public buildings and grounds; and thence along one of said streets, by a tunnel under the public grounds east of the Capitol building to Delaware avenue or First street east, and long said Delaware avenue or First street to the line of the Baltimore and Ohio Railroad; any damage caused to the property of individuals in the construction of said road to be paid by the company. Provided, That said Orange, Alexandria and Manassas Railroad shall pay to the District of Columbia one-half of the cost of arching the canal from Maryland avenue to the street on which the railroad track enters the tunnel. And provided further, That nothing herein contained shall be construed to grant to said company the right to establish a depot along said avenue or street until consent for the same has first been obtained from the Legislative Assembly of the District of Columbia, Congress to regulate the rates of fare for passengers and freight, and the property of the company within the District to be taxed by the proper authorities of the District. Referred to the District Committee.

CHILDREN ATTACKED BY A DOG.—Three little children of Mr. John J. Walsh, the clerk at Harrison's Auction store, while coming out of the Catholic burying ground, yesterday evening, were attacked by a vicious dog belonging to a colored woman living in the house near the gate of that cemetery, and two of them slightly hurt before the animal could be called off. Mr. Walsh administered a button to the offending dog this evening, and the probability is that he will be much quieter hereafter.

STRIKE.—Most of the colored laborers on the new market house building, struck this morning for higher wages. Many of them had been employed throughout the winter, at work that would not pay half their wages, in order to retain their services. This is enough to make the contractor, like Grant, lose all confidence in human nature, especially on the darker side.

CHRIST CHURCH FESTIVAL.—The strawberry and ice cream festival, to be given by the ladies of Christ Church, will commence at the Assembly Rooms to-night, and will continue to-morrow and Wednesday night. Lunch will be served from 12 to 2 to-morrow and Wednesday. It is needless to say that those who are fond of good things will visit this festival.

THE DROUGHT CONTINUES. The shower which fell on Saturday night did little more than lay the dust for a few hours. Appearance yesterday morning were favorable but the sun soon came out and disappointed the hopes for a rainy Sunday. Rain was prayed for yesterday in all the Churches we believe.

FROM WASHINGTON.

WASHINGTON, May 20, 1872. CONGRESS.

The House of Representatives called the States for resolutions, bills, &c. None were presented from Virginia.

From New York.

NEW YORK, May 20.—Returned, the steamship George Washington, Gager, hence on the 18th instant for New Orleans, having the same night, off Barnagat, collided with the schooner Daniel Holmes for New York, coal laden, causing the schooner to sink almost immediately, carrying down with her two seamen. The George Washington lowered her boats and received the remainder in a nearly exhausted condition. The steamer carried away her bowsprit and stove in the bow badly.

Henry Ward Beecher preached a sermon last night on strikes. He said the mass of labor had been swayed by politicians and the result was great dissatisfaction. Labor had been trodden under foot and despised and he was in sympathy with labor and the present movement. Labor is discontented because it seems vulgar to eat your bread by the sweat of your brow. Refinement has been a monopoly too long. The movement shows a desire for refinement and its success means elevation, but the workmen are inclined to become too proud. They forget that Christ was the son of a carpenter. They will disfranchise themselves if they do not have a care.

The wood carvers last night resolved to strike for the eight-hour system, and the cabinet makers and upholsterers took similar action.

A correspondent has interviewed ex-Secretary Seward on the Alabama claims. Mr. Seward said the people do not understand the Alabama claims and consequently get excited. If they were dissatisfied with the Washington Treaty they ought to call up the Johnson-Clarendon treaty, which was a fair and honorable settlement to both countries, and have it ratified by the Senate. He favored the adoption of the supplemental article to the Washington Treaty.

Early yesterday morning Myers & Lowenstein's varnish factory at Hunter's Point took fire and was destroyed. Loss over \$100,000. Two firemen were severely injured by an explosion, and a boy was injured by falling timber.

An Havana letter states that there is a growing dissatisfaction among the Spaniards with the course of Captain General Valmaseda and his removal is imminent.

The threatened split in the International Society took place yesterday. The Federal Council met in the morning and held a very stormy session. Section 2, the oldest in the country, presented its withdrawal and a scene of great confusion ensued. Excited speeches and mutual recriminations were with difficulty restrained by the chairman. The difficulty seems to be the failure of the offending section to endorse the views of the party responsible for the nomination of the Presidential candidates at Apollo Hall.

The announcement of a split in the General Council in London and the formation of a rival body under the name of the Universalist Federal Council was made.

John Greeley, an uncle of Horace Greeley, died in Londonderry, New Hampshire, on the 16th instant, aged 88.

Foreign News.

MADRID, May 20.—It is stated that the attitude of the government of France towards the Carlists and the facility with which retreating insurrectionists escaped into France has caused a deep feeling of irritation on the part of the Spanish government. Detachments of government troops continue to encounter Carlist bands in the disaffected provinces. The insurgents are invariably beaten and dispersed.

The Fire in Philadelphia.

PHILADELPHIA, May 20.—Firemen are still playing on the smoldering ruins of Jayne's building.
