TUESDAY EVENING, DEC. 17, 1895.

TARRED AND FEATHERED.—Charles Durchee, a student at the Wyoming Seminary, in Kingston, Pa., a resident of Freehold, Luzerne county, where his father is a wealthy brewer, was tarred and feathered by about thirty students at 1 o'clock yesterday morning on the campus.

The students had for the past two weeks misused articles from their rooms, and after quietly investigating the matter found that Durchee was guilty. They resolved to punish him themselves, and not refer the matter to the faculty. On Sunday a \$10 bill was stolen and found in the room of Durchee's alone. In the evening a paper was sent around from room to room and was signed by about thirty students.

They decided to stand by each other in the affair they were about to undertake, and if any one was expelled all were to go. At 1 o'clock yesterday morning the door of Durchee's room was broken open and he was gagged, and in his night shirt only, was taken to the campus. There he confessed, was stripped naked, and coated with tar. The feathers were then added by liberal handfuls and then he was released.

The boys went back to bed and Durchee spent all night in his room crying. What he did not come down to breakfast yesterday morning, the faculty learned of the matter, and President Sprague, after having the boy cleaned, expelled him. It is thought he will not say anything to the boys who were engaged in the affair.

BURNED TO DEATH.—Mrs. McClelland Richardson, sister-in-law of Gen. Cassius M. Clay, was burned to death at her home near Valley View, Henrico county, yesterday morning. She was standing in front of a heating stove, when her dress caught fire, and with-out discovering it she passed out onto the porch, where the breeze fanned her clothing into a flame, which completely enveloped her. Her screams brought her husband to her rescue, and in trying to extinguish the blaze he was terribly burned about the hands and arms. She lived only a few hours afterward. A husband and six small children survive her.

How to Prevent Croup.

SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE.

Croup is a terror to young mothers and to poets them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by L. Stabler & Co., Druggists.
