ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

LOCAL NEWS.

ALEXANDRIA.—People generally like to see what is said by others concerning their own town. A letter from Alexandria, in the Charlottesville Jeffersonian, says:—We attended last night Christ church, that was once Washington's place of of worship. The tombs, with old inscriptions on them, some dating an hundred years back; the firm brick in the walls of the church and the ivy clustering on them reminded one that the church is a connecting link with the past. The pews, however, are remodeled, and the pulpit supplanted by miserable lecterns. On the right of the pulpit is a memorial tablet of marble dedicated to George Washington, and on the left another corresponding, dedicated to Robert Edmund Lee, two names enshrined in the memory of the Southern people.

There is an air of dullness that hangs over some of the towns of Virginia that were laid out in the last century. Urbana is dwarfed—Port Royal has declined until people wonder how it stands decay so long, while Fredericksburg, notwithstanding its immense water power facilities, has discused the question each year for near half a century, whether it has a family more or less than it had the year preceding. Alexandria used to be immersed in this same atmosphere of inactivity, but it is gradually girding its skirts about its loins and entering the march of progress. King street the broadway of the town, is thronged with persons and has now a double-track street railway.

A magnificent market house has been erected on the ruins of the old, which was destroyed by fire. The lower part is used for market purposes, the upper for the offices of lawyers and of the various city officials. One portion is to be devoted to Masonic purposes, and another of the upper rooms will be used as a court room. The steeple contains the town clock, the interior of which is illumined at night so that the time can be seen no matter how dark the night. The cost of the entire building is, I understand, $60,000, and the rent accruing to the city amounts yearly to one-third of that sum. The market is very abundantly supplied with meats and vegetables, and when lit up at night presents a very beautiful appearance with its long row of gas lights.

CORPORATION COURT—*Judge E. M. Lowe presiding*—CONTINUATION OF YESTERDAY'S PROCEEDINGS.—Com. vs. Alfred Contee; on an indictment for malicious wounding; jury rendered a verdict of guilty of assault and battery and assessed a fine of $25. The defendant moved for a new trial, which was overruled and judgment according to the verdict of the jury and for two months in the city jail was entered by the court.

TO DAY.—Wm. G. Simpson vs. Jas. Javins; case; assumpsit upon an award; jury sworn; case tried and the jury out considering of their verdict at the close of this report.

Herr & Welch vs. W. F. Henderson; in assumpsit; suggested that defendant had gone into bankruptcy and case continued.

Turnbull & Bro. vs. Brockett et als; in debt; demurrer to special plea and joinder and overruled, and case continued.

W. R. Bier's administrator vs. W. H. Bailey; in assumpsit; plea non-assumpsit; replication and issue joined; jury, and jury out considering of a verdict.

STRUCK BY A COW CATCHER.—About two miles from Brandy Staiton, on the W. C., V. M. & G. S. R. R., a colored man named Ike Carr, who was lying near the track, was struck on the head last night by the cow catcher of the engine attached to the passenger train that arrived here this morning from Lynchburg. Owing to the thick fog lying close to the ground, the engine driver did not see him until the accident had happened. When the train ran back to where he lay, he was found to be badly wounded and no hopes of his recovery were entertained. Two farmers living near by, came down and took charge of him. He has been employed by Mr. Markham as a farm hand. Mr. M. Lived but a short distance from where the accident happened. The conductor, Capt. John Fossett, did all in his power to have the injured man properly cared for.

DROWNED.—A colored deck hand on the Southern mail steamer Charlotte Vanderbilt was accidentally drowned while that steamer was making her landing here at the Prince street wharf, at noon to-day, on her way to Washington from Quantico. The gang-way plank, on which he had stepped, tilted and threw him into the water under the wharf. When next seen his head and hands were visible for an instant about twenty yards north of the wharf, after which he sank to be seen alive no more. The accident was witnessed by many spectators, but it was utterly impossible to render him any assistance. His body, which was at once dragged for, was found about three o'clock this afternoon near the spot where he sank by a colored man named Wm. Weaver. The deceased was named Warren Dorsey, and he is reported to have been the best deck hand on the boat and a very worthy man.

ARLINGTON REPUBLICANS.—A meeting of the Republicans of Arlington was held on Tuesday evening, Captain H. Dwight Smith in the chair, Mr. George W. Jackson, secretary. Ben Austin, Richard Butler, and John B. Syphax were appointed to select three delegates to the County Convention. The committee retired, and after consultation, recommended John B. Syphax, Alexander Scott, and Virgil P. Corbett as delegates, and they were elected. The meeting then adjourned.

CASE OF WM. JACKSON.—The reporter of the Washington Chronicle has furnished that paper with a statement made by Wm. Jackson, now lying in the jail of this county, convicted of the murder of his wife. Appended to this statement is a letter in May last, addressed to Messrs. Kent & Neale, which refers entirely to the particulars of his wife's sickness on the birth of a child, which appears not to have been concluded, and has no signature, and which is not, therefore, necessary to publish.

NEW RESERVOIR.—Civil engineers Blythe and Havener have been engaged to-day in laying off the land upon which the new reservoir of the Alexandria Water Company is to be built. The work will be commenced as soon as the surveys are completed, and will be finished before next winter. It will adjoin the present reservoir on the north, and will occupy nine and a half acres of ground, and the summit surface will be 300 by 500 feet.

TROTTING MATCH.—As will be seen by an advertisement in another column, a race will come off on the Piney Branch course, near Washington, to-morrow afternoon, between trotting horses from this city. A large number of persons have expressed an intention of being present upon the occasion. Mr. Fox, the gentlemanly proprietor of the track, will see that all are well accommodated.

POLICE HEADQUARTERS.—William Glachet, arrested on the charge of rolling a wheelbarrow on the sidewalks was dismissed as the charge was not sustained, the offending barrow having been rolled by a colored boy in the employ of the accused and against the latter's express instructions.

Weather Probabilities.

WASHINGTON, July 17, 11 a. m.

During the rest of Thursday, for the Gulf and South Atlantic States, falling barometer, higher temperature, southeast and southwest wind, and numerous local rains. For the Middle Atlantic States and Lower Lakes, increasing south and southwest winds, cloudy weather and local storms.

WARD MEETINGS.

Delegates to the Richmond Convention.

The Conservatives of the city met in their respective Wards, last night, and nominated delegates to the Richmond Convention, which meets on the 6th of August. We append the proceedings:

FIRST WARD.

The meeting assembled at the truck house of the Relief Hook and Ladder Company, and was called to order by ex Mayor Latham, on whose motion George R. Shinn was elected Chairman, and Harold Snowden, Secretary.

The chair having stated the object of the meeting, W. W. Rock nominated Hugh Latham for delegate, and Jacob Foltz nominated Geo. R. Shinn, but the latter declining a nomination, and there being no other nominations, Mr. Latham was unanimously elected, the vote being taken viva voce.

M. H. Nash nominated Geo. R. Shinn for alternate, and there being no other nomination Mr. Shinn was declared unanimously elected.

The chair then stated that there was no further business before the meeting. It had at one time been thought that the meeting might appoint delegates to the County Convention that would be held to nominate delegates to the General Assembly, but it was now thought advisable to postpone that action until after the State Convention had been held.

G. W. Rock asked if it was usual to instruct the delegates.

The chair stated that it was certainly in the power of the meeting to instruct the delegate, but that he thought it unadvisable to do so. He supposed that delegates knew that Col. R. E. Withers was the choice of the Conservative voters of the ward, and he was certain Mr. Latham would faithfully represent his constituents, but if it should be found that Col. Withers was not the stronger man with the Conservative voters of the whole State, it would be wrong to compel the vote of the ward to be thrown away upon him.

Mr. Rock replied that he had merely asked for information. He would state, however, that he was in favor of Gen. Kemper, and he thought there were a great many others of his way of thinking.

The meeting then adjourned.

SECOND WARD.

The meeting in the Second Ward was held in the Sun Engine Hall, in the new market building, S. H. Janney, in the chair, and R. M. Latham, Secretary.

Messrs. E. Snowden, jr., and H. O. Claughton were put in nomination for delegate, and upon balloting, Mr Snowden was elected.

D. S. Delaplane was chosen alternate, after which the meeting adjourned.

THIRD WARD.

The meeting in this Ward was held at the Court House, and was called to order by Capt. J. M. Steuart, upon whose motion W. H. May was selected as chairman, C. E. Stuart, jr., Secretary, and Capt. W. H. Fowle, Assistant.

The object of the meeting having been stated, Bazil Brawner, K. Kemper, C. F. Suttle and T. J. Beckham were nominated for delegate, but Col. Suttle and Mr. Beckham declined.

Upon Col. T. W. Ashby's motion, the candidates were requested to express their preference as to the candidates for Governor.

Col. Brawner said that his preference was for Col. Withers, but if upon consultation in Richmond, he found that Col. W. was not the strongest man he would vote for what he considered the best interest of the party.

Capt. Kemper was primarily in favor of Col. Kemper, but would do that which he considered best for the interest of the party and would willingly represent the views of his constituents if elected.

Col. Ashby wanted the man elected who had expressed himself in favor of Withers. He thought that Col. Brawner would best represent the views of the people of Alexandria in voting for Col. Withers who he thought could carry the State without doubt, but that in his opinion the contest with Gen. Kemper as the candidate would be very close, if indeed he could carry the State at all.

A. J. Wedderburn said that issues would be made in the Convention that were not known here. Kemper would go into the Convention with Gen. Mahone's interest to back him, but Withers would have this interest opposed to him. If Withers was chosen Gen. Mahone would not support the Conservative nominee.

Col. Ashby asked why Mahone was opposed to Withers.

Mr. Wedderburn said it was because they had been at "loggerheads" for three or four years.

Col. Ashby said Mahone would not support Withers because he (W.) would not support the consolidation scheme, which would destroy Alexandria.

Col. M. D. Ball said he had just returned from "Mahonedom" (Lynchburg) and Mahone men had stated that while they preferred Kemper, yet they would support the Conservative nominee, who ever he might be, and he did not believe the assertion to that effect had the shadow of a foundation.

Col. Suttle said that Withers was the choice of Tidewater Virginia.

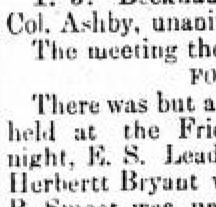

A ballot being ordered resulted in the choice of Col. Brawner, the vote being Brawner 18, Kemper 13, when, on motion of Capt. Kemper the choice was made unanimous.

T. J. Beckham was then, on montion of Col. Ashby, unanimously elected alternate.

The meeting then adjourned.

FOURTH WARD.

There was but a small meeting in this Ward, held at the Friendship Engine House, last night, E. S. Leadbeater, esq., presided, and Herbertt Bryant was Secretary, when Mr. J. B. Smoot was unanimously elected delegate, and Mr. S. C. Neale, alternate. After which, and without debate, the meeting adjourned.

Affairs in Omaha.

OMAHA, July 17.—The committee appointed at the meeting of railroad men Tuesday reported at a subsequent meeting that a citizens committee had been organized for the purpose of assisting the authorities to enforce the laws; in case of the inability or neglect of the authorities to preserve order, the citizens committee would take measures to secure protection to the lives and property of all good citizens. It was hoped that the committee would not be called upon to interfere, but if necessary would act promptly; that whereas the city is infested with robbers and gamblers whom the civil authorities have thus far failed to arrest and which fact is publicly known, to the discredit of the city, they had bound themselves for the purpose of self-protection and now give public warning that if some remedy is not speedily applied they would feel justified in using summary measures.

Excitement.

OMAHA, July 16.—Consiberable excitement has prevailed here since the stabbing of Atwood, the brakeman by gamblers, on Sunday for exposing their game on the train. A meeting of railroad men held yesterday at the Union Pacific shops to consider the case, was attended by over four hundred men. LOCAL BREVITIES.

The City Council meets to-night.

The thermometer stood at noon, in the shade at 86°.

The market this morning was well supplied with the vegetables and fruits in season.

The Knights of St. Patrick, in large numbers, met at Harlow's building, last night, where they were drilled by Commander M. A. Hart.

The whole neighborhood of the jail was kept awake last night by the loud ravings of an insane man named Shields, who is confined there.

Mr. William Simpson, machinist, of this city, while at work in Washington, this morning, had his hand caught by a circular saw and badly injured.

Wm. Lee and Thos. Kern, from Washington, who were engaged some time ago in a shooting affair at Pettey's restaurant, have both been found not guilty.

More cattle have been transported over the W. C., V. M. & G. S. R. R. during the summer months this season than during the same period in any previous year.

A match game of base ball was played by the Alexandria club and a picked nine, yesterday afternoon, and was won by the former in seven innings by a score of 20 to 17.

The lock gates at six and seven locks on the C. & O. canal having been replaced, navigation was resumed last night, and boats have been arriving freely this morning.

A schooner collided with the steamer Fairy yesterday and the latter had a portion of her wheelhouse stove in. Her daily trips to Farmington, however, have not been interrupted.

The blackberry crop is very abundant, and quite a number of persons are engaged every day in gathering the berries from the adjacent country in Virginia and Maryland and bringing them here for sale.

The crop of new wheat raised by Wm. Gray, in this county, and which averaged forty-five bushels to the acre, was brought here on Tuesday last and sold by R. M. Lawson, grocery and commission merchant.

The roof of the machine shop at the Fairfax street depot caught fire yesterday afternoon but the flames were extinguished by the hands employed there before any damage had been done, and without causing any alarm.

The match game of base ball between the Independents and a picked nine, in progress this afternoon in the 3rd Ward, is watched by a large number of spectators, many of whom are pecuniarily interested in its result.

The street cars were running again to-day at irregular intervals, in consequence, it is said, of the want of training of some of the horses; and it may be a week before all the cars are run and trips be made at intervals of five minutes.

The steamer Fairy reports this morning that all those who were so sorely afflicted by the late accident in Piscataway creek are improving both in mind and body, and that the fears that were entertained about their recovery have been dissipated.

The behavior of some of the boys who play base ball near Battery Rodgers in the afternoons is complained of by persons living in that neighborhood. Capt. Webster has instructed the policemen on that beat to pay particular attention in future to that part of the city.

Private Watchman Taylor thought last night that an attempt was being made to break into the rear of one of the buildings in Exchange Block and called the police, but though the latter made a thorough examination of the premises they discovered nothing out of the way.

Potomac Pearl Hominy Mills

GEORGE R. HILL & CO.,
ALEXANDRIA, VIRGINIA.

With a view to the fall trade, we respectfully announce that these Mills are now completed, and that we will take pleasure in showing samples of all our goods (now manufacturing) to dealers or others intered. We manufacture

PEARL HOMINY, GRITS AND SAMP,
AND
PEARL FLOUR AND MEAL.

The offal from these various articles combined makes a very valuable article of food for horses and cows, to which the attention of those interested is invited.

We claim superiority for the Hominy made upon our Patent Mills for the following reasons:

First. It is made from dry corn without having to go through the soaking process necessary in the old way of making hominy, for the purpose of removing the husks, which causes it to begin to spoil from the moment it is thus made. Whereas our process puts it in a drier condition than corn ever is naturally.

Secondly. The same bulk of our Hominy will produce fifty per cent more of the cooked article than by the wet process, as ours swells while cooking, while the other swells while soaking, before being cooked.

Thirdly. It takes half the time to cook.

Fourthly. It can be shipped with safety from spoiling to any climate, making a cheap substitute for rice and beans.

The above also applies to our Pearl Corn Grits. The best proof of the superiority of Hominy and Grits made upon our Patent Mills is that they have been adopted by the Army and Navy of the United States, and approved by all who have used them.
