Your Individual HOROSCOPE

By Frances Drake

Look in the section your birthday comes in and find out what your outlook is, according to the stars.

For Wednesday, October 12

MARCH 21 to APRIL 20 (ARIES)—If you worked at top speed yesterday, you can carry on with that momentum (a progressive clip) today. You'll have to hustle, be alert, though. Requirements: [illegible], patience.

APRIL 21 to MAY 20 (TAURUS)—Secret work, dealings with friends and new business must be conscientiously, adroitly handled. Subtle influences tend toward misunderstandings and tricky schemes. Care!

MAY 21 to JUNE 21 (GEMINI)—You born May 21-June 4: stop to think before you plunge ahead; don't over-sell your proposition. You born after June 4 are under more friendly rays for business and personal interests.

JUNE 22 to JULY 23 (CANCER)—Can be classed in the favorable ranks if you don't sit back and wait for things to happen. Opportunities and advantages are available through odd sources. Don't give up trying, cancer friend!

JULY 24 to AUGUST 22 (LEO)—Personal and artistic items won't give you as much trouble as will the general and difficult business matters. Stand by your sure plans and purpose and you'll win out.

AUGUST 23 to SEPTEMBER 23 (VIRGO)—Work on the details of the big ideas you hope to realize. Tomorrow will be the day for putting them through—at least in part. Today for preparatory work, study, plans.

SEPTEMBER 24 to OCTOBER 23 (LIBRA)—Stars say: refrain from excesses of all kinds, but especially with regard to amusements, eating, drinking. Your disposition will reflect for or against your accomplishment. Ladies! be kind to your health. All: attend quietly to duties.

OCTOBER 24 TO NOVEMBER 22 (Scorpio)—Not propitious for new undertakings or for making extensive changes unless you understand thoroughly what you are doing. Home and heart interests more favored.

NOVEMBER 23 TO DECEMBER 22 (Sagittarius)—No sir! Your pet schemes and those quick turnovers are not favored by your natal planet. Instead, stars suggest a middle road and contentment with slow progress and small gains.

DECEMBER 23 TO JANUARY 21 (Capricorn) — Accessories for the home, office, factory, apartment building can be handled cleverly. Buy, sell, trade but do so with care as to values. Day not so opportune for lively activity.

JANUARY 22 TO FEBRUARY 20 (Aquarius) — Faraway Pluto is about the most friendly planet today. Favored: Detection of errors and injustice; canning, preserving; visiting health spas; hunting and destroying debris and noxious growths; self-improvement.

FEBRUARY 21 TO MARCH 20 (Pisces)—Don't defeat your own purpose by being at odds with yourself or others with whom you should cooperate. Cut corners to get to the main issues. Be practical, not too visionary.

A CHILD BORN TODAY will be rather distant, though trusting and affectionate when you get to know it. It will like the artistic, the finer things in life; will probably marry young and strive to have a good home. Gains through elders. Friends will assist it in its work. Warn it against extravagance and unwise generosity.

BARRETT, CHARLES J.—In sad but loving memory of our dear husband and father, CHARLES J. BARRETT, who left us 20 years ago today, October 11, 1918, and our son and brother, CHARLES RUSSELL, who passed away March 15, 1937.

Those whom we love go out of sight,
But never out of mind;
They are cherished in the hearts
Of those they leave behind.
Loving and kind in all their ways,
Upright and just to the end of their days:
Sincere and true in heart and mind,
Beautiful memories they left behind.
DEVOTED MOTHER AND DAUGHTERS.

COLLIER, JOHN B.—In sad but loving remembrance of our dear husband and father, JOHN B. COLLIER, who passed away two years ago today, October 11, 1936.
