THE RIGHTS OF NATURALIZED CITIZENS.—A few days since Mr. Pomeroy presented in the Senate a memorial from certain naturalized citizens of Rhode Island, setting forth that by the constitution of that State foreign born citizens are not allowed the ballot unless possessed of a certain amount of real estate. It was supposed by the petitioners that this discrimination was in violation of either the fourteenth or fifteenth amendment, and hence their application to Congress. The Judiciary committee has had the matter under consideration, and Thursday, on motion of Mr. Edmunds, the committee were discharged from the further consideration of the subject. The committee in their report held that any State has the right to impose property or other qualifications, as a prerequisite to the exercise of the elective franchise, against aliens. The amendments to the constitution referred to do not inhibit any discrimination in the matter of nativity, and hence there is no remedy for the memorialists. Under this report it is construed that the constitutional discriminations in California against the Chinese do not infringe the constitution of the United States.

The substance of the above appeared in yesterday's Gazette. The whole is republished for the especial perusal of the few naturalized citizens of Alexandria who were so active in their support of the Radical nominees on Thursday last.

FESTIVAL.—The festival of the ladies of St. Paul's Church, at the Assembly Rooms, has, notwithstanding the inclement weather that has prevailed during its continuance, proved a decided success. The attendance has been large and the receipts equal to expectations. The entertainment will terminate to night, when the articles remaining unsold, including some handsome tea cakes, will be disposed of by auction.

DANGEROUS.—Carrying matches in your pocket. The coat tail of the book keeper of one of the largest shipping companies in the city was discovered to be on fire, and burning briskly, this morning, while he was sitting at his desk by the office boy. He carried matches in his pocket, and had sat upon and ignited them.

FISH FARM.—Parties from the north have lately been exploring the creeks of the Potomac for the purpose of locating a fish farm, from which to supply the markets of Baltimore, Washington and this city.

PROPERTY SALE.—The vacant lot on King street, where the theatre stood, known as Sapp's Hall lot, was sold by auction this morning by Beck, Knox & Kerby, real estate agents, to William Cogan, for \$4,800.

POLICE REPORT.—MAYOR'S OFFICE.—Martha Madison and Lucinda Madison, for disorderly conduct, were fined and discharged. Isaac Mitchell, colored, hailing from Clarke county, for disorderly conduct, was discharged upon a promise to quit the city.

MAGISTRATES' OFFICE.—There were no cases of a criminal character at either of the Magistrates' offices this morning. —Night cloudy and dark. —There were no disturbances and no arrests. Two lodgers were accommodated at the watch house.

THE POSTOFFICE AFFAIR.—The examination into the charges of irregularity in the management of the postoffice of this city, which commenced in the U. S. District Court room yesterday before U. S. Commissioner G. C. Round, was concluded this evening, so far as the postmaster was concerned. After the examination of all the witnesses for the prosecution, but without calling any for the defense, seeing U. S. District Attorney Beach, counsel for the government, moved that the case be dismissed, as no particle of evidence had been elicited by which the official integrity of Mr. Massey could be questioned. The Commissioner sustained the motion, fully concurring in the opinion of Mr. Beach.

It is now stated that the charges were made at this time with a view to oust Mr. Massey from the position which he now holds. The case of W. L. Mitchell, a clerk in the Postoffice, charged with opening a letter some years ago, was then taken up, and was in progress at 3 o'clock this evening.

[SPECIAL DISPATCHES TO THE GAZETTE.]

FROM WASHINGTON.

WASHINGTON, May 28.—3 p. m.

CONGRESS.
 In the Senate Mr. Sumner presented the memorial of the American Cable Co., which proposes to lay a cable from New York to the Azores, thence to Lisbon, and thence to Lands End, England, and asking aid of Congress—referred to Committee on Foreign Affairs.

The Senate then took up the resolution relative to the decline in American commerce. Mr. Chandler addressed the Senate at length.

The House of Representatives was occupied with a bill for pensioning the soldiers of the war of 1812, the pending question being upon an amendment excluding from pensions all who had taken part with the Confederates.

Gen. Butler opposed the amendment in a vigorous speech. Gen. Logan spoke in favor of the amendment.

Presbyterian General Assembly.
 LOUISVILLE, May 28.—In the Presbyterian General Assembly, yesterday, the judicial committee made a majority and minority report on the overture from Montgomery, Alabama. The majority report favors the appointment of a committee of conference with instructions that the difficulties which it irrefragably may be the cordial correspondence of the two bodies must be distinctly met and removed. One of the resolutions of the majority report says that they must purge themselves of the error in regard to political utterances deliberately pronounced year after year, and which in our opinion was a sad betrayal of the course and Kingdom of our Common Lord and Head; nor can we by official correspondence consent to blunt the edge of this, our testimony, concerning the nature and mission of the church as a purely spiritual body among men. After some discussion the majority report was adopted.

Female Suffrage.
 St. Louis, May 28.—Last night a St. Louis county Woman Suffrage Association, to be auxiliary to the State Association, was organized here. Mr. Crow was elected President. The other officers include both sexes. An executive committee of fifteen was also elected, which, with the officers, embraces some of the most prominent citizens of St. Louis.

The constitution was adopted, and the Association will immediately enter in an active canvass of the county.

Public Opinion.

With unanimous acclaim the press of this city has spoken against the proposed restrictive and preservative qualities of Gutter's Native Wine. Butters and we have every evidence from abroad that they are rapidly becoming the great national protection and remedy. Individuals also, by scores upon scores, are voluntarily sending in their certificates of approval. But one question remains—why shall any man or woman of any age suffer another day from debility, weakness, despondency, rheumatism, or any of the ills for which these bottles are so absolutely a present and a cure? The proof may be ascertained by a limited test.
