REMARKS.—The Flour market opened dull, and during the week has been inactive, with a tendency to lower figures. The receipts have been light, but equal to the demand, which is confined to the local trade. Family brands are in full supply, and are very dull. Extras are in moderate request. Supers are dull. We note small sales during the week at the quotations given below, and quote the market dull. Family 8 to 8.50; Super 6.25 to 6.50. Wheat is without material change; offerings light, with sales of fair to good at 1.40, 1.50, 1.58 and 1.60; offerings of 700 bushels. Corn is quiet and steady; offerings of 802 bushels mixed, with sales at 70.71 and 72. Rye is in light receipt, with sales at 105. Oats are unchanged; offerings of 350 bushels, with sales at 58. Prime Butter is in request. Eggs are 34c higher than last week's rates. Other articles are unchanged.

ALEXANDRIA CATTLE MARKET, MAY 26, 1871. (Reported by J. R. Smoot, Live Stock Broker.) Beef Cattle.—The offerings for the week amounted to 138 head, 18 of which were taken by the buyers here, and the remainder, 120 head, driven to the District markets. The quality of the cattle offered this week was generally very good, but in consequence of the warm weather and a full supply of all kinds of stock here, together with dull and full markets in Baltimore, Philadelphia and New York, in the past few weeks prices have fallen off fully 10c per lb. We quote best grades of neat butchers' Cattle at 7c gross, while very good and fair Cattle are selling at from 5c to 6c gross; ordinary and thin stock is dull at from 4c to 5c gross. Cows and Calves and Springers are active, and selling at from 30c to \$50 per head. Sheep and Lambs.—Are in full supply and dull at a decline. We quote mixed lots of Sheep and Lambs of good quality at from 3c to 3.4c per lb.; ordinary at from 2.50 to 2.8c per lb. Sheep per lb are worth from 4c to 6c gross, the latter price for very superior. Lambs are selling at from 2c to 3.4c per lb. Hogs.—Are selling at from 7c to 7.50 per 100 pounds net.

BALTIMORE CATTLE MARKET, MAY 25, 1871. Beef Cattle.—Prices to-day for Beef Cattle ranged as follows: Best Beef at 6.50c; good quality at 6.00c; fair quality at 5.50c; ordinary at 5.00c. Steers, Oxen and Cows at 4.25c to 4.75c; inferior and lowest grades of Cattle \$4.00—general average of the market to-day \$5.75. Most of the sales were from 5.25 to \$6.75 per 100 lbs.

Sheep and Lambs.—There has been a large supply of Sheep on the market during the past week, much in excess of the demand, and prices are 1c per lb lower, market closing weak. We note quiet Sheep at 4.00c per lb gross. Lambs at 2.25c per lb, head, to 2.50c. Hogs.—The market has been fairly supplied during the past week, and sales have been fair at a decline of 1c per lb since last week—light Hogs mostly in demand. We quote at 6.00c per 100 lbs net, as to quality, but few selling at the latter figure.

LOCAL NEWS.

THE MUNICIPAL ELECTION.—There is cause for congratulation at the result of the election in this city yesterday. Despite the utmost exertions of the Radicals, and an apparent lukewarmness on the part of some Conservatives, which it is hoped may never occur again, three of the four Wards have been carried and the city government retained in the hands of those who are most deeply interested in its welfare and prosperity. In the Fourth Ward, where the Radicals have succeeded, a somewhat different result, it is said, might have been effected had there been that activity and determination on the part of the Conservative voters that was exhibited by their opponents, who acknowledging the superiority of the conservative ticket and the eminent fitness of the gentlemen upon it for Councilmen, yet disregarded qualification, ignored the wants of the city, and voted blindly and in solid phalanx for those much less qualified and who do not possess the esteem or confidence of the people and are not so well acquainted with the affairs of the city. The loss in the Councils of the city, of such men as John B. Smoot, who has for so many years, faithfully served as a member of the Common Council and presided over its deliberations with such credit to himself and satisfaction to all with whom he was brought into contact, will be deeply felt, and it may be that none will regret it more in the future, than those who succeeded in defeating him and his worthy associates. Scarcely could a better selection for Council have been made, than was made, party issues having been laid aside in order to secure the services of the best men; but it availed nothing with the Radicals who, as usual, put party above every other consideration, and the rank and file led on by designing partisans ignored and set at naught all else but party. However the contest is over and a goodly victory has been won, a victory in which all can rejoice, for while some good men have been defeated, the majority in each branch of the City Council is sufficient to render powerless any attempt at wrong that might be made and, as stated in the opening of this article, secures a Conservative municipal government for the city which cannot fail to cause a feeling of rejoicing and congratulation. Although there was no formal acknowledgment of a right to elect a Mayor at this time, yet as the Radicals determined to run a candidate for that office, the name of the present worthy incumbent was placed at the head of the Conservative ticket and the result has been that Mr. Latham received a majority of all the votes cast, and that the plans of the Radicals in this have also been thwarted.

The official result of the election is as follows:

COUNTY ELECTION.—In consequence of the overwhelming majority of colored voters in Arlington and Jefferson Townships the Conservatives made no nominations though a few of them were elected. In Washington Township the whole Conservative ticket was elected with the exception of one colored Magistrate. Washington Township—Supervisor, E. S. Deebie; Clerk, Valentine Sillis; Assessor, Robt. Walker; Collector, M. F. Donaldson; Commissioner of Highways, William Tucker; Magistrates, Bowie Hall, Samuel Titus and Samuel Williams—the last colored.

Jefferson Township—Supervisor, W. A. Rowe, colored; Assessor, J. C. Roach; Clerk, J. L. Peterson, colored; Commissioner of Highways, T. L. Sanborn, colored; Collector, Benjamin Pollard, colored; Magistrate, J. W. Graves, Constables, Cornelius Young and J. B. Turley.

Arlington Township—Supervisor, H. D. Smith; Clerk, J. H. Robinson, colored; Assessor, S. B. Corbett; Collector, Horatio Ball; Commissioner of Highways, F. E. Corbett; Magistrates, G. W. Jackson, colored, R. S. Laws, colored; Constable, John Burlis, colored. The county school tax was carried.

ROBBERY OF A HEN ROOST.—The hen roost of Mrs. Cook, on Pitt street, between Queen Princess, was broken into last night, and robbed of all its contents—a large number of fat fine chickens. The thieves twisted the heads off their plunder just outside of the yard from which it was stolen.

FAIRFAX COUNTY.—At Providence and Fall's Church Townships the Radicals elected their ticket. At Mt. Vernon Township the citizen's ticket was successful the ultra Radicals being dissatisfied and taking but little part in the election.

YOUNG MEN'S MEETING.—A delegation from the International Convention of Young Men's Christian Associations of the United States and British Provinces, now sitting in Washington, will visit this city this evening, and take part at a public meeting at the Baptist Church at 6 o'clock p. m. Everybody is invited to attend this meeting, both ladies and gentlemen, and especially the ministers of the various churches. The members of the Association and ministers of the churches, are invited to meet the International delegation, at the rooms on King street at 6 o'clock this afternoon, where a short address of welcome by H. O. Cloughton, Esq., will be delivered, and other initiatory exercises take place.

A dispatch from Washington this afternoon says J. S. McLean of Halifax and the great evangelist of the West, Burnell, will speak to-night, and W. B. Culliss will be present and sing "our mission."

THE MARKET HOUSE.—The Committee appointed by the City Council to superintend the erection of the New Market House met in the hall of the Hydraulics fire company last night for the purpose of giving Messrs. Chas. of Washington, the architect of the new Market House in that city, and Mr. Lambdin, architect of this city, who were present, some idea of the size and style of the proposed building. The plan proposed was that the building should enclose the Market square on three sides—Royal, Cameron and Fairfax streets—leaving the South side—that on Market Alley—open. The Committee will meet again next Monday night.

BEHIND TIME.—It was stated in Wednesday's Gazette that the Radical nominee for Mayor, had sent the sternwheel steamer Enterprise down the river to bring up voters for the election, and yesterday evening many an anxious glance was cast down the Potomac for a sight of the returning steamer, with recruits for the forces who had spent all their strength in vain but strenuous efforts to secure a victory which as sunset approached was being rapidly snatched from their hankering grasp. But man proposes, God disposes; and the sun went down behind the western hills long before the belated steamer arrived.

FIRE.—A frame shanty on the north side of Cameron street, two doors from Payne, occupied by a woman named Jones, was destroyed by fire about half past three o'clock this morning. The alarm was sounded, but the building was pulled down and the flames extinguished by the neighbors in so short a time that the Fire Department was not called out. The fire was accidental—a lighted match having fallen upon some loose straw from a bed tick.

THE WEATHER to-day has been very warm, though there was a fine breeze. This hot weather should remind our citizens of the duty of aiding in all sanitary measures for the preservation of the public health. There was a shower in the afternoon but the atmosphere was not cooled by it.

CANAL NAVIGATION.—As no boats have arrived here since yesterday morning it is supposed that a break has occurred or a boat been sunk somewhere along the line of the Chesapeake and Ohio Canal, though no information to that effect has as yet been received.

INJURIES REPAIRED.—The injuries received by the sternwheeler National by the fire which occurred on the day before yesterday, while on her way up from Mount Vernon, having been repaired, she made a trip down the river this morning.

INSURANCE PAID.—The National Insurance Company of Baltimore, through Mr. Geo. Wise, agent in this city, have promptly paid to Mr. Wm. Cogan, the loss sustained by him at the late fire, on his house and furniture.

FESTIVAL.—The Festival in progress at the Assembly Rooms will close to-night, and it is hoped it will be largely attended. At the close of the evening there will be an auction.

FEAST OF WEEKS.—The rite of Consecration was performed, with all its attendant solemn and impressive ceremonies, in the Jewish Synagogue this morning.

CIRCUIT COURT FOR THE CORPORATION.—Judge Keith presiding.—To-day's proceedings—CHANCERY SIDE.—Griffith vs. Hoxton; decree for payment of certain moneys to complainant and L. G. Hoxton, and for distribution of residue.

LAW SIDE.—G. E. Daursthorpe vs. James Thornton, in debt: Docketed for Fairfax Circuit Court.

Alexandria Canal Co. vs. Alexandria and Washington Railroad Co.; in ejectment; continued with order for peremptory trial at next term.

Mayor's Office.—John Mansfield, colored, for disorderly conduct at the Third Ward polls, was dismissed with an admonition.

Beverly Carter, a colored boy, for improper conduct on complaint of William Cole, colored, was discharged with an admonition.

A man arrested for stealing a watch from Nimrod Noland, was dismissed as the charge was not sustained.

NIGHT REPORT.—Night clear and warm. There were no disturbances nor any arrests. There were no lodgers or prisoners at the station house.

FOREIGN NEWS.

LONDON, May 26.—Paris dispatches announce that the Rue Royale has been destroyed by miners. The insurgents were driven into the cemetery of Pere la Chaise where they were surrounded and must be captured. A Daily News special mentions the rumor that the hostages in the Mazas prison have been shot.

The Liberte says foreign powers have promised the extradition of the members of the Commune in the event of their escape from France.

Courbet, a prominent communist has been shot by the Versailles.

OUTSIDE OF PARIS.—Friday morning—May 26.—The cannonade against the insurgent position at Belleville has been vigorously resumed.

Terrible fires are still raging in Paris. The northern railway has been repaired but entrance to the city is still refused.

The German position at Aubervilliers and elsewhere has been strengthened to prevent the escape of the insurgents. The Germans permit only women and children inhabiting the quarter of Paris to leave the city.

The insurgents are still confined to Belleville and Les Buttes (Chamout), from whence petroleum shells are fired all over Paris.

The following leading insurgents have been shot: Valles, Amereux, Brunel, Rigault, Dombrowski and Bousquet.

The reported arrest of Pyat, Delescluze and Cluseret is yet unconfirmed.

It is rumored that all the hostages held by the insurgents are safe, but nothing positive is yet known.

The following Public buildings have been destroyed: The Palace of the Tuilleries, the Ministry of finance, the prefecture of Police, Court of accounts, the Palace of the Legion of Honor, the barracks on the Quay de Assay, the Hotel de Ville and Mont de Piete.

The following were saved: The Ministries of Marine, Interior, Foreign Affairs and Agriculture, the Pantheon, Ecole Militaire, Ecole des Beaux Arts, the Bank of France, Credit Foncier and the churches generally.

Marshal McMahon has sent the Insurgents a last summons to surrender, in which he says all hereafter captured with arms in their hands will be shot.

LONDON, May 26.—The total amount of bullion in the Bank of England is 24,500,000 pounds, an unprecedented amount in the annals of the bank.

Sentence of Foster.

NEW YORK, May 26.—The court of Oyer and Terminer was crowded to the utmost extent this morning to witness the closing scenes in the Foster trial. The prisoner and his counsel held a long consultation before the formal opening of the court. Mrs. Foster the wife of the prisoner was not present. District Attorney Garvin moved that the court pass the sentence of the law on the prisoner. Judge Stewart said he would not submit a motion for arrest of judgement, but after judgement he would sue out a writ of error.

Mr. Vanderpool, the clerk of the court, asked Foster what he had to say why the sentence of death should not be passed upon him. Foster, deeply affected, only said he did not intend to murder Mr. Putnam. Judge Cardozo said he didn't wish to say anything to hurt the prisoner's feelings. He had had a patient trial by an intelligent jury most of his own selection, but the case was too clear to come to any other conclusion than the one arrived at. They recommended him to mercy, but that recommendation was for a higher tribunal to consider. He could hold out no hope to him whatever of commutation of sentence and he should be prepared to meet his awful doom.

The sentence of the court was that he should be taken to the place from which he came and, on the 4th day of July next, there be hanged by the neck until dead.

The prisoner was given into the custody of the Sheriff, and the court adjourned.

Terrible Effects of an Explosion.
PORT HURON MICH., May 26.—At the time of the explosion of the tug boat B. B. Jones yesterday the crew were at dinner. The first engineer and six other men were killed and two others badly bruised and scalded, with little reason of hope for recovery. The captain was thrown from his chair at the dinner table high into the air, falling into the river. His injuries are severe. The second engineer is the only person that escaped. The hull, machinery and furniture were shattered into small pieces. Parts of the wreck were found a quarter of a mile distant from the scene of the catastrophe.

The Election in Fauquier.

WARRENTON, May 26.—The present corporation officers with one exception were re-elected yesterday. The township officers consenting to serve, with few exceptions, were re-elected and the school tax voted.

The Election in Richmond.

RICHMOND, May 26.—The election yesterday passed off quietly and resulted in the election by the Conservatives of twenty-six, out of the thirty members of the Council.

The Markets.

NEW YORK, May 26.—Flour dull and heavy. Wheat dull and nominally lower. Corn dull and declining.

SPECIAL NOTICES.

The Household Tonic.—The efficacy of Hostetter's Celebrated Stomach Bitters as a specific for recruiting the enfeebled body and cheering the desponding mind has passed into a proverb. In the United States, where this marvelous tonic has borne down all opposition and eclipsed all rivalry, the demand for it has annually increased in a heavier and heavier ratio for years, until at last, the regular sales of this preparation exceed those of all other medicines combined. Eminent members of the medical profession and hospital surgeons without number have candidly admitted that the pharmacopoeia of the faculty contains no prescription that produces such beneficial effects in dyspepsia, general debility and nervous diseases, as Hostetter's Bitters. To use the language of a venerable physician of New York, "The Bitters are the purest stimulant and the safest tonic we have." But the uses of this great vegetable antidote are much more comprehensive than such praise would imply. As a preparatory antidote to epidemic disease, a general stimulant, a promoter of constitutional vigor, an appetizer, a stomachic, and a remedy for nervous debility, no medicinal preparation has ever attained the reputation of Hostetter's Bitters. It is the household tonic of the American people, and in all human probability will be so for centuries to come. The magnitude of science recognize its merits; and that it is the practically the medicine of the masses, is proved by its vast and ever increasing sales.
