GRAND RALLY LAST NIGHT.—The demonstration in honor of the success of the conservative ticket, at the market square, last night, was a grand affair. A very large crowd was present and the occasion was graced by the attendance of many ladies, both in the square and at the windows of the offices above. Professor Medley's Alexandria Band was in attendance and discoursed excellent music. The meeting was presided over by Mr. Hugh Latham, chairman of the Conservative Ticket Committee, and was addressed by Mayor-elect Kemper, Chas. E. Stuart, C. W. Clifford and S. C. Neal, esqs. Capt. James M. Stewart and Col. Wm. Knapp.

All of the speeches were of a congratulatory character, and several allusions were made to those republicans, both white and colored, who joined with the conservatives to secure the triumph of law and good government on Thursday, and many of whom were present. The references to them were received with tumultuous applause.

The meeting continued until about 10 o'clock, when it adjourned with three cheers for "Kemper and the ticket." As the people were about to leave the square Mr. Latham announced the success of the conservative ticket in Lynchburg, which was received with cheers.

After the adjournment the band and a large number of gentlemen repaired to the residence of Mayor Kemper and serenaded him. Mr. Kemper appeared and tendered his thanks for the compliment.

While the serenade was in progress the young gentlemen of the Bachelor's Club kindled a bonfire on the vacant lot west of Christ Church, which illuminated the scene and added much to its gaiety. They also burned red lights at various points on the line of march.

After leaving Mayor Kemper's the residences of Messrs. Brackett, R. Kirby, Clifford, R. H. Ruhl, Mushback, S. C. Neal, Edward Hughes, Falls, Latham, R. T. Lucas and J. M. Stuart were visited and appropriate responses made at most of them.

At the conclusion of the serenade the band and others were handsomely entertained by Capt. Phillips, of the A. & W. R. R., and to return serenaded that gentleman.

It was the intention to have serenaded C. E. Stuart, esq., but owing to the extreme illness of a nephew in the neighborhood of his residence the plan had to be abandoned.

A colored band was also out serenading, and called on Mayor Johnson, Col. L. W. Reid and country others. They were addressed by Col. Reid in a neat and appropriate speech.

CHURCH BOARD.—The Board met very promptly last night; present, S. C. Neal, esq., Chairman, and Messrs. Addison, Burke, Gregory, Herbert, McKee, Marbury, and Whittington. Superintendent Clarke came in afterwards.

The minutes having been read, Mr. Burke, on the Committee on Finance and Accounts, reported a bill of A. S. Proprietor for coal and wood, \$9.17, which was ordered to be paid.

On motion of the Superintendent, the examinations were fixed for the 26th, 27th, 28th, and 29th of June, and the preparation of the memorial medals and cards of honor was ordered.

The Superintendent stated that Miss Laws' eyesight had so failed that he had found it necessary to grant her leave of absence; he asked the approval of his action and an extension of her leave to the end of the session on the conditions of her former leave.

On motion of Mr. Marbury the action was approved and the leave granted.

The Superintendent also stated that he had arranged with Prof. Henry H. Hall for two entertainments, through which an elegant organ had been purchased and presented to the Peabody building, and, on his motion, it was unanimously

The total vote of the county was 89. This county gave Hayes 350 majority at the November election.

BOARD OF HEALTH.—The Board of Health held a meeting at the Auditor's office last night to consider sundry complaints of nuisances, &c., and to devise means looking to an improvement of the sanitary condition of the city.

Nuisances were reported as existing in the following localities and committees appointed to examine into and have the same abated: On a vacant lot on Columbus street, between Duke and Wolf, on which garbage taken from the streets and alleys is deposited; upon a lot on

south Union street, near Duke, from same cause; in the cellar on the premises of Mrs. Wade, on Prince street, near Pitt, caused by stagnant water; on the old Slave pen lot, caused by stagnant water and other filth.

The Board also determined to restore the city garbage cart, which was removed from the streets more than a year ago.

This last act will be appreciated by many families who are now compelled to keep their garbage on the premises several days, which, of course, in hot weather must have a deleterious effect on the health of the community.

MR. VERNON.—The Washington Republican says:—

"The Ladies' Mt. Vernon Association resumed their session at Mt. Vernon yesterday; the regent, Mrs. Laughton, presiding. In addition to the vice regent mentioned as being present is Mrs. Pickens, of South Carolina, who arrived yesterday."

The steamboat question was under consideration all the morning. There are six distinct propositions from as many steamboats. The ladies have decided to take legal advice in regard to the contract, and not to award it until Monday. The chances of Capt. Hollingshead, of the steamboat Arrow, are spoken of as most encouraging, and it is understood that he will, in the event of receiving the contract, purchase a new steamer for the purpose.

Mrs. Ball, the vice regent of Virginia, reported that General G. W. Custis Lee had kindly permitted the exhibition at the mansion of some of the original property of Washington, now owned by his family. They have all been placed in the Virginia room in which Washington died, and consist of the bedstead on which he breathed his last, an old mirror, brackets, and a handsome large secretary and book case. Mrs. Ball also reported that four Virginia ladies residing in New York had presented a very handsome Axminster carpet, which had been laid in the Virginia room.

Information was received from the vice regent of the State of Ohio and Illinois, who are arranging to provide furniture for the rooms assigned them in the mansion.

A report, embodying all the facts contained in the superintendent's and secretary's reports, will be prepared at the close of the session by the Association for the information of the public. The ladies are extremely anxious to correct the errors that are so frequently made concerning the doings of the Association.

The council will not adjourn before Monday, all statements to the contrary notwithstanding.

THE THOMAS CONCERT.—Lancaster Hall, in Washington, was crowded to its utmost capacity last night by a delighted audience. Some of those who were present from this city returned on the ferry boat that made an extra trip for their accommodation, and were charmed with the moonlight trip. The boat will make another extra trip to night, leaving Washington at a quarter past eleven o'clock.

FOUND DROWNED.—On Friday last a week ago the body of a colored man was found on the shore at Maryland Point, Charles county, Md., supposed to have been drowned, and a verdict of death from accidental drowning was rendered. He was supposed to be about 38 years old, and was dressed in striped cotton pants, an army coat and cotton shirt.

SALES OF REAL ESTATE.—Greene & Wice, auctioneers, sold to-day by public auction, for Messrs. Wartles & Claughton, surviving commissioners in the suit of Cazenove & Co. vs. Johnson's administrator et al., the property on the southwest corner of Wilkes and Henry streets with the buildings thereon, to R. T. Lucas for \$1150.

FRIENDS' MEETING.—At the request of Deborah Wharton and Sarah Hoopes, ministers of the Society of Friends from Philadelphia, a meeting for divine worship will be held at the Friends' meeting house, on St. Asaph street, to-morrow afternoon at half past four o'clock, to which the citizens generally are invited.

SUNDAY EVENING LECTURES.—Rev. W. C. Webb will deliver the sixth lecture of the course on the Book of Jonah to-morrow night in the M. E. Church. The subject of the lecture will be "The miraculous preservation of Jonah in the fish."

Local Brevities.

Letters addressed to Chas. Elliott, ex post-office direction, and Mrs. K. M. Kelly, Stanton, Va., are detained in the Postoffice here for want of postage and proper directions.

The alarm of fire shortly after ten o'clock last night was caused by the bonfire on Cameron street. A part of the Fire Department was out, but soon discovered the cause and returned.

The Circuit Court for the city will commence its regular term on Monday morning. Judge Bowe, of Norfolk, will preside in the absence of Judge Keith, who is still detained by the illness of his wife.

Numbers of persons from this city went to Georgetown to-day to witness the boat race between the Ladies and Annapolis.

The rooms of the Bachelor's Club and the billiard room adjoining were illuminated last night in honor of the musical victory.

The measles are prevailing extensively in this city.

A delicate complexion is best compared to a blooming rose; but when the countenance is disfigured with blotches and pimples, like those of a rose bed, the sufferer should promptly use Dr. Bull's Blood Mixture, which quickly and effectually eradicates such unsightly evidences of impure blood.

LIST OF LETTERS remaining in the Alexandria, Va., Postoffice May 26, 1877. Persons calling for letters will say they are advertised and give the date of the list. If not called for within thirty days, they will be sent to the dead letter office, in Washington.

JANNEY & CO.

From Washington.

[SPECIAL DISPATCHES TO THE GAZETTE.]
 WASHINGTON, May 26, 1877.

Saturday has been selected by the President as his private day, but so far he has not enjoyed much more privacy on that day than on any other. Of course no general callers were admitted, but some twenty personal friends kept him occupied during the entire morning.

NATIONAL NOTES.

The War Department does not think that any exigency exists in Utah at present calling for the sending of additional troops there.

The Blaine wing of the anti-Hayes portion of the radical party are consolidating their forces. Mr. Blaine left here last night, but left behind him a few friends who organized a central association which is designed to affiliate with similar associations to be quietly formed in any portion of the Union where enough Blaine men can be brought together for the purpose, and to begin already to create public opinion for the next Presidential campaign. Blaine some days since called on the President and avowedly about some Maine appointments, but it is said with a view of coming to some understanding with Hayes. The entire interview was, however, strictly "official," so now we have "the new movement."

LOCAL NOTES.

The Undine boat club, from Baltimore, is there, and will race with the Annapolans, of this city, in a few hours. The boat houses along the shore are all gaily decorated, and crowds are already gathering to witness the race.

Virginia matters are absolutely without a ripple to-day.

At the War Department it is not considered that any emergency exists in Utah which would require additional troops to be sent to that territory. Information received from the military officers there does not sustain the report recently printed with reference to a threatened rising among the Mormons. It is believed the present force of troops in Utah is amply sufficient to prevent any lawlessness. Governor Emery has expressed himself to this effect in private letters recently received here.

The Races.

The winners at the Louisville, Ky., races yesterday were: Lonest, mile heats, time 1:42; 1:45; Whisper, 2 1/2 miles, to 3:50; and Mahistic, mile and a eighth, in 1:50. In the second race J. M. R. was the favorite, threw his rider and did not get off.

At Point Breze Park, near Philadelphia, yesterday, the trotting race for \$500 for the 232 class was won by Champion Morrill in three straight heats. Sadie Bell came in second in the first and third heats and third in the second heat; Mollie tied in the first and third and second in the second heat. Time of the winner 2:28, 2:30, 2:27. Adeline came in first in the free for all race, 1:50, 1:50, 1:50. Nettie second, Lady Maudie third. Best time 2:22.

At Pimlico, Baltimore, yesterday, the winners were: First race, Chiquita, second race, Partnership, third race, Tom Ochree, and the fourth race, Waller.

Quite an excitement was created at Farm well a day or two ago, caused by the absence of two little children of Mr. James Haverener. It appears that the children, a girl and a boy, aged respectively three and four years, strayed from home about two o'clock on Monday afternoon. That evening a heavy rain fell, and night came without tidings of the lost ones. That night some forty or fifty of the neighbors secured the country throughout the night, but day broke without rewarding their search.

About 8 o'clock, however, the little ones were found in an open field, the girl asleep and the boy keeping vigil by her side. When it is remembered that the little things had been absent through the night, and exposed to the drenching rain, we can well imagine that there was joy in the anxious household over their recovery. —*Loudoun Mirror.*

COL. MOSBY.—The Washington Republican says:—We have received a large number of letters recently protesting against the removal of Miss Van Liew. These letters come not only from Union soldiers who are now in the Departments here, but from republicans in Virginia. We may add that the rumor that Col. Mosby had an agency in making the change has tended to increase the feeling. The letters referring to him breathe the kindest spirit on account of his honorable political correspondence do think that he should not have been held in the matter of securing Miss Van Liew's removal.

SPECIAL NOTICES.

HELP TO MOTHERS NURSING INFANTS. It is a conceded fact that mothers who have the care, anxiety and draught of nursing infants' throats and need the aid of some strengthening tonic to make up the nourishment required for the growth of the child. Ala. porter and larger beer have often been recommended. Of late years physicians have become aware that the great aid in nursing is by the use of Porter's Food Wine produced by Alfred Vogel of Port Grape Wine.

It is a strictly pure wine they have prescribed instead of ale and porter. This wine is principally sought for by mothers who have nursing infants at the breast, as the best supplying medium to be found. The wine is rich in body and not intoxicating but gently stimulating. Druggists generally keep it. It is coming in great demand among the best families in New York at evening entertainments.—*Enquirer.*
